32-AAA EXECUTIVE COMMITTEE

TO: ALL USERS OF 32-AAA ATHLETIC PLANS

Appreciation is acknowledged for the Coaches and Athletic Directors that participated in upgrading the Athletic Plans for the 2023-2024 school years. Adherence to the plans is suggested as a means to avoid problems. It should also be understood that National Federation Rules and the University Interscholastic League Rules supersede these plans. Users are urged to be familiar with all applicable rules and to report any inconsistencies to their respective Superintendent or the Chair of the Executive Committee. Additional modifications may be made as the needs arise. This process must be approved by the Districts Executive Committee.

The 32-AAA participants take pride in respecting the right of all athletes to compete according to the same set of rules in an impartial setting. Fairness to all concerned will result in the quality of athletes that we strive to develop.

Respectfully,

32-AAA Executive Committee

RECOMMENDED PROCEDURES

In order to avoid confusion and problems with the submittal of required information, the administrator in charge for each district should comply with the following:

- Submit certification forms and agenda on official forms provided by U.I.L. Typing all forms is required.
- The Chair of the Executive Committee subject to ratification by the Executive Committee will approve all forms requiring committee action.
- The individuals indicated should sign the forms. This is especially sensitive relative to students who have participated previously in athletics in other districts.
- Observe the chain of command within the limits of each district. Superintendents, High School Principals and Athletic Directors are encouraged to resolve problems whenever possible.
- Official communications with the chair of the Executive Committee are reserved for the Superintendents, High School Principals and Athletic Directors.
- 32-AAA individual schools will police their own sub-varsity teams. **Seniors shall be allowed on sub-varsity teams.**
- Sports organizational meetings (if necessary) prior to the start of each sport will be held at school assigned to that particular sport.
(Refer to 32-AAA assignments on page 61)
- Rescheduling of new game dates will only be allowed for the UIL and extracurricular scheduling conflicts.
- Varsity eligibility forms certified by the superintendent or designated administrator must be submitted prior to the first contest to the chairman of the district executive committee. **All PAPF approvals/disapprovals shall be reported by the district chair to all schools involved.**
- **The home team of all sports will fax or email game scores to the district chair the next school day after play.**

Video cameras may be allowed at 32-AAA athletic events in accordance to the UIL Constitution and Contest Rules section 1208:m.1.B; registration of video cameras will be left up to the discretion of the host school.

These procedures are simple yet provide the structure necessary to operate the 32-AAA functions with some semblance of propriety. The added responsibilities brought upon the District Chair can be minimized if these procedures are used.

Play-Off Structure

- A. Best won-lost percentage district record to be declared champion.
- B. Second best won-lost percentage district record to be declared second place winner.
- C. Third best won-lost percentage district record to be declared third place winner.
- D. Fourth best won-lost percentage district record to be declared fourth place winner.
- E. Any tie can be resolved by coin flip by mutual agreement.
- F. If there is a two-way tie and one team has won both mutual matches, then that team is designated "first seed" for play-off purposes. The other tying team will be designated "second seed". Both teams shall be declared co-champions.

- G. If there is a two-way tie and each tying team has won a mutual match, then there will be a play-off between those two teams. The winner will be designated as “first seed”. Both teams will be declared co-champions. The schools concerned will arrange play-off factors. There will be a one-game play-off. (If both teams disagree to play, there will be a coin flip to decide whether they will play or not play. If the coin flip determines that the two teams will play, there will be another coin flip to determine the home site.)
- H. If there is a two-way tie for second place and each tying team has won a mutual game, there will be a single elimination play-off game to determine the second seeded team. If there is a two-way tie and one team has won both mutual matches, then that team is the district second seeded team. The other team would be the third seed representative.
- I. If there is a multiple tie among three or more schools, there will be a district play-off tournament to determine the first and second seed representative. However, if one team is undefeated in those mutual games among them, that team will represent the district as “first seed”. The same principle will apply to the remaining teams. (This will be known as the “won all mutual games” principle.) In the case of no team having won all their mutual matches, then the tournament play-off format shall be applied. Teams involved will be recognized as district champions. Mutual agreement flips. Refer to “I” for mutual agreement flip procedure.
- J. Head to Head records will determine playoff spot. If three teams tie for first (A, B, C, example): Flip to determine bye with odd man drawing the bye.
1. A draws a bye, B plays C. C defeats B. C plays A and A wins. A is the first place seed and C is the second place seed.
 2. A draws a bye and B plays C. C defeats B. C plays A and C wins. C is declared the first place seed, but A must play B to determine the second place seed.
- K. If four or more teams tie for first, a single elimination play-off tournament determined by lot (draw) will determine the first and second place teams. Teams involved will agree upon site, time and officials.
- L. In case of multiple ties for second and/or third place, the principle described in sections I, and J will apply.

 4. "A" draws a bye, and "B" plays "C". "C" defeats "B". "C" plays "A" and "C" wins. "C" is declared the first-place seed, but "A" must play "B" to declare the second-place seed. Winner of "A" and "B" will be declared second place and loser will be declared third place.
 - j) If four or more teams tie for first, a single elimination playoff tournament determined by lot (draw) will determine the first, second, and third place teams. Teams involved will agree upon site, time, and officials.
 - k) In case of multiple ties for second and/or third place, the principle described in sections "I" and "J" will apply
